

# Model OPD

## Orifice Flowmeter

Seojin Instech will design and manufacture stainless steel orifice plates and flanges to suit your special requirements. We use Flowel and other software to design the various orifice flowmeters in accordance with ASME Fluid Meters, 6th Edition, 1971, and ISO 5167-1

### Ordering Informations

#### ■ Orifice Flowmeter

Please send your order or inquiry to the factory with the following information:

- Type of fluid : \_\_\_\_\_
- Operating pressure range : \_\_\_\_\_
- Operating temperature range : \_\_\_\_\_
- Operating flow range : \_\_\_\_\_
- Maximum pressure differential @ specified flow : \_\_\_\_\_
- Maximum unrecoverable pressure loss @ specified flow : \_\_\_\_\_
- Pipe size and schedule : \_\_\_\_\_
- Type of pressure taps: \_\_\_\_\_
- Flange type and rating: \_\_\_\_\_
